

You are Not Alone: Dementia Perspectives, Conversation and Insight

Keynote Speaker

Beverly Berry

Director, Diversity,
Equity & Inclusion
Alzheimer's Association

Join Beverly Berry, Director, Diversity, Equity and Inclusion at the Alzheimer's Association's National Office for this important conversation on dementia, and the free local resources offered to the African American community through the Alzheimer's Association. Join us to learn about:

- How our national partnership can support our local community
- The impact of dementia on persons living with symptoms, and their care partners.
- Recognizing the signs of dementia and what steps to take when a family member's behavior changes.
- How to access and utilize support available through free local programs and services.

Special Guests

Pastor Joy L. Gallmon

St. Mark A.M.E. Church, Milwaukee

Diane Milner

Director, Diversity, Equity & Inclusion
Alzheimer's Association
Wisconsin Chapter

***African Americans
are 2x as likely to
develop Alzheimer's
than Whites.***

***Alzheimer's is the
6th leading cause of
death in the U.S.***

***Only 48% of
African Americans feel
confident there is
access to providers
who are culturally
competent.***
